20" TROOPS BEATEN
IN KRONSTADT FIGHT

According to a Report from
Helsingfors Today.

Insurgents Capture Fort at Phkoff,
East of Petrograd—Also
Take an Important Railway
Junction, Cable Says.

London, March 10.—The following dispatch was received from the Daily Express, this afternoon: "Red" troops attempted an attack against Kronstadt, across the Gulf of Finland, but were repulsed with heavy artillery fire. Insurgents arriving here report whole-heartedness of captured insurgents at Petrograd.

Persons suspected of sympathy with the counter-revolution were put to death. The Petrograd city is all under military guard, despatch adds.

According to advices received by foreign office, the rebels have forced the fort at Pskoff, east of Pskov, and also the railway junction at Bologoy, in the same district. Report was received from Riga that the Bolsheviks were retreating. Cavalry regiments were said to be moving from Smolensk, towards Pskov, plundering roadside villages. The railway men had refused more troops.

Report Denied.
Paris, March 10.—The report that the Russian insurgents have captured Kronstadt, a fortress of Petrograd, is untrue, said Stockholm despatch to the Echo de Paris, today. It added that the city was at Krasnaja Gorka during the bombardment of the city position at Kronstadt. The report that the Russian insurgents held part of Petrograd is said a despatch printed by Petit Parisien. "From reliable sources, it is learned that the Bolsheviks are masters of Petrograd, city is quiet."

Kronstadt Falls.
London, March 10.—The Moscow press announces the surrender of the fortress of Kronstadt by anti-Bolshevik insurgents, said Exchange Telegraph despatch from Helsingfors, today. The rebels held Kronstadt for about days.

The Times printed an unconfirmed report, from Riga, that the revolutionaries had taken Petrograd, taking heavy losses upon the city. It added that the Soviet forces had fled in automobiles. According to this telegram, Krasnaja Gorka and Oranienbaum had gone to the rebels.

Starke Garrison.
Riga, March 9.—[Through London, March 10.]—The Soviet forces are starving the rebel forces of Kronstadt into submission, according to a despatch circulated today, by the Rosta agency. Leon Trotsky, the Bolshevik minister of war, is reported to have arrived at Krasnaja Gorka.

Secret Congress.
Berlin, March 10.—A secret congress of Soviets is in session in Moscow, considering the Russian international situation, said a private despatch from Moscow, today, dated March 7.

Service on the Moscow-Petrograd line was interrupted when the city was sent, and travelers are stuck in Moscow from the former place. The order was being relayed under the most rigid military strictness. A military cordon has been placed.

The Moscow telegram continued with the words: "The revolution no longer is a revolution."

Under Trotsky.
Moscow, March 10.—"Soviet" has recaptured Krasnaja Gorka, said a Central News despatch from Helsingfors.

Trotsky had previously been reported as Krasnaja Gorka, directing the fight against the rebels in the city of Kronstadt.

London Central News despatch to Helsingfors said: "Trotsky admits that in the fight at Kronstadt, March 8—Tuesday—Bolshevik casualties were 1,000. During the recent fighting at

IN POOL OF BLOOD

New York City Is Injured
In Cleveland.

New York, March 10.—William R. Miller, thirty-six, a lawyer of Cleveland, who came to New York City with his wife, a month ago, to consult specialists for nervous trouble, was found unconscious in a pool of blood, early today, in front of a house at No. 327 West Fifty-seventh street, where he had been staying. A revolver was lying nearby and there was no bullet wound on Miller. His skull was fractured. The police gave it as their opinion that he had either fallen or jumped from a fire escape on the building. He was removed to Roosevelt hospital in a serious condition. He is expected to recover, however.

Premiers of England, France
and Italy Engaged in Solving
Problems Having Greatest
Bearing in Near East.

London, March 10.—Great Britain, France and Italy again tackled the Near East problem, today. The Turkish delegates were received at the foreign office by Premier Bland, of France; Earl Curzon, the British foreign secretary; and Count Storace, the Italian foreign minister. They discussed the possibility of concessions to the Turks in the Sevres treaty, including amorphing of conditions governing the Dardanelles and Bosphorus; evacuation of Smyrna by the Greek army and assistance to reorganize the economic and financial affairs at Constantinople.

At the same time, Premier Lloyd George received the Greek delegation which had been strengthened to include former Premier and War Minister Gounaris.

A Night Session.
Tokyo, March 10.—At a protracted night session, the Japanese diet passed the army and navy bill providing an additional budget of 45,000,000 yen—about \$24,000,000—of which 20,000,000 yen is for naval construction and the aviation program.

An advertisement appearing in all Tokyo papers today, affrays Prince Yamagata for his support of armament proposals and declares "militarism is the cure of Japan."

SECRETARY OF WAR
ISSUES STATEMENT

Secretary of Treasury Discusses
Foreign Debts.

No Appointments Made with
Representatives of Foreign
Nations Seeking Advances.
Reduction in Bank Rates.

Washington, March 10.—The American army of occupation is "standing pat" on the Rhine, Secretary of War Weeks stated, today, when his attention was called to despatches from Paris stating that the allies have decided to enforce customs penalties on the Germans in the zone occupied by the American forces.

Secretary Weeks indicated that this government has decided against any move in connection with the American army of occupation, in order to avoid embarrassment to the allies.

Withdrawal of the forces, which had been contemplated, has been abandoned for the time being, it was learned, lest such a movement might be construed as an attempt to interfere with the allied action in moving forward into Germany.

Foreign Debts.

Washington, March 10.—The question of funding foreign debts has already been taken up by Secretary of the Treasury Mellon, he stated, today, but no decision has been reached.

Secretary Mellon said that the treasury is not making any further advances on foreign loans at this time and that no appointments have been made with any of the representatives of foreign nations who are now in this country seeking to secure further advances on commitments made during the war.

Discussing the question of bank discount rates, as fixed by the federal reserve board, the secretary said that the general tendency now is towards a reduction in bank rates.

Secretary Mellon stated that while he is studying the question of a revision, he has not yet reached any definite program for presentation to congress and probably will not do so until after he has conferred with members of the senate finance committee and the house ways-and-means committee, next week. At that time, the secretary will discuss the tariff and tax questions with congressional leaders.

Troops Withdrawn.

Washington, March 10.—Panama has withdrawn her troops from the territory in which the recent troubles with Costa Rica arose, and the difficulties are now on the way to settlement, the state department announced, today.

The state department, today, received a note from Panama, announcing the withdrawal of the troops in accordance with the request made by the United States.

State department officials stated that the action of Panama settled the fundamental difficulties between the two nations, and it is believed that the matter can now be settled by negotiation.

Nominations.

Washington, March 10.—The president sent the following nominations to the senate, today:

To be comptroller of the currency, D. R. Crissinger, Marion.

Counsellor service, Lester Maynard, of California, from consul of class No. 5 to class No. 3; William R. Peck, of California, from consul of class No. 5 to class No. 4.

Sawyer Confirmed.
Washington, March 10.—The senate, today, confirmed the nomination of Dr. Charles E. Sawyer, President Harding's physician, to be a brigadier-general in the medical corps of the United States army.

Instantly Killed.

Cincinnati, March 10.—R. D. Jenkins, thirty-four, Chicago traveling salesman, was instantly killed, and Frank Moeschel, thirty, vice president of the Criterion Tool & Engine company, Dayton, was severely cut and bruised when the automobile in which they were riding on Springfield Pike, near Girardale, early this morning, struck a pole at a curve and rolled down an embankment. The men were driving to Hamilton to allow Jenkins to catch a train for Chicago when the accident occurred.

AMERICAN ARMY
EMBARRASSING

British Would Welcome Withdrawal of Troops.

CAN NOT COOPERATE
IN WORK IN GERMANY

Believed French Would Have the
Americans Out.

Great Britain Waiting for Action
by President Harding.
The Occupation of German
Territory Is Extended.

London, March 10.—British officials indicated today that they would welcome the complete withdrawal of the American army of occupation from the Rhine. This is believed to reflect the French opinion, also. The opinion is held that as the Americans can not cooperate with the allies, in the imposition of military penalties, the American army may prove an embarrassing obstacle.

It was learned that Great Britain was not making any representations to Washington regarding participation in the allied military movements on the Rhine, by the United States forces.

Great Britain is awaiting a move by President Harding before taking any action.

Detent Attached.

Paris, March 10.—A French military patrol in Upper Silesia was attacked by Germans and several members were wounded, it was announced at the Polish legation, today. The French later seized a quantity of German munitions.

French troops are in Upper Silesia on police duty, pending the plebiscite which is to determine whether Upper Silesia shall go to Poland or remain German territory.

More Extended.

French Military Headquarters, Neuve, March 10.—The French are extending their new zone of military occupation northward and further into the Ruhr district. A detachment from the French army of occupation in Duisburg occupied Hamborn, Wednesday. Hamborn is four miles north of Duisburg. The move was carried out without incident.

Hamborn is the seat of many factories and a large coal trade. The German workmen have continued at their labor without any movement toward hostile manifestation, nor a strike.

The French commandant at Duisburg is allowing the German 400 "Green" policemen for service at that place. The Germans had asked for 500.

Arrested Today.

Dublin, March 10.—A. McCabe, Sinn Fein member of parliament from South Sligo, was arrested today. There are now twenty-four Sinn Fein members of parliament in custody.

Quarterly Dividend.
New York, March 10.—The Chandler Motor Car company today declared the regular quarterly dividend of \$2.50 a share.

HERRICK TO GO
BACK TO PARIS

Such Is Announcement Made in
Washington Today.

APPOINTMENT NOT
OFFICIALLY CONFIRMED

Herrick Now Enroute Home
from Honolulu.

Colonel George Harvey Tentatively
Selected as Ambassador
to England—Other Appointments
Are Near.

Washington, March 10.—President Harding has decided to send Myron T. Herrick back to his old post as ambassador to France. It was learned authoritatively, today, Herrick is an Ohioan and was one of those who labored most diligently for Harding's nomination at Chicago. He is best remembered as ambassador to France in the early days of the war, when he did conspicuous work in caring for the thousands of Americans who poured into Paris seeking escape from Europe.

The nomination of Herrick is expected to be among the first of the diplomatic appointments that the new president will send to the senate. Herrick is now enroute from Honolulu to San Francisco, where he is due to arrive in about a week.

Replacement of diplomatic, particularly in the more important posts abroad, will be a slow and deliberate process, it was indicated, today. President Harding does not recognize any need for haste in making these changes, with the possible exception of the London post, for which, it is understood, Colonel George Harvey, New York editor and publisher, has been tentatively selected. John W. Davis, the present ambassador to St. James, called for home, yesterday, his resignation having preceded him and it is not desired to leave the embassy in charge of a secretary, in view of the unsettled conditions in Europe.

Frank A. Munsey.
Reports that Frank A. Munsey, New York publisher, would be appointed to an important diplomatic post, were discredited, today, in White House circles. Mr. Munsey is understood to have eliminated himself from consideration some time ago, when the proposition was first broached. He notified Mr. Harding he did not wish to be considered available.

For other embassies abroad, there are a great number of recommendations on President Harding's desk. The wedding out process presents no small task in itself.

The embassy at Mexico City will probably be one of the last diplomatic posts filled by the new administration. The Oregon government has not yet been recognized and there is no indication that it will be very soon.

There are a number of ministers to smaller countries who came up from the ranks, and who have made diplomacy their career, such as Hugh Gibson, minister to Poland, and Joseph C. Grex, minister to Denmark. It is the intention of the new administration to retain these men regardless of their political affiliations, "for the good of the service." They may be shifted about, but their services will not be lost.

NEW YORK CENTRAL
WILL FOLLOW LEAD

Drastic Program of Retrenchment Is Expected.

New York, March 10.—The New York Central, it is reported early today, will follow the lead of the Pennsylvania railway and announce a drastic program of retrenchment. The New York Central has given notice of a wage reduction to its unskilled labor. This reduction is to take effect April 12. It is now prepared, it was reported, to announce further reductions by which \$500,000 more will be removed from its monthly payroll. Office employees, from the highest executives to office boys, will be affected by the new cuts.

Died This Morning.

Cincinnati, March 10.—Dr. Joseph Ranchoff, internationally known surgeon and professor of surgery at the Cincinnati university medical college, died this morning at his home here. Dr. Ranchoff was taken ill while at an eastern resort, last summer, and failed to regain his health. He had been connected with the medical college for forty years.

DR. SIMONS MAY
BE FORCED TO RESIGN

London, March 10.—It is predicted in Berlin that Dr. Walter Simons, the German foreign minister, may be compelled to resign for having exceeded the limits prescribed by the government in making counter-indemnity proposals to the allies, said a Reuters despatch from Berlin, today.

SIMONS GIVEN
BIG RECEPTION

German Foreign Minister Arrives in Berlin.

PEOPLE APATHETIC
AS ALLIES ADVANCE

Movements of Allied Armies
Fail to Excite Populace.
Await Developments.

Berlin, March 10.—Except for better press comment, Berlin remains apathetic over the advance of the allied armies on the Rhine. Even reports that the allies would move further into Germany failed to excite the populace. There is a disposition in official circles, as well as unofficial circles, to remain passive under the military pressure of the allies.

Germany has decided to await the allied next move.

Dr. Walter Simons, the foreign minister, who arrived last night, was expected to address the Reichstag, today, giving the details of the negotiations at the indemnity conference in London.

It was estimated that 5,000 persons crowded Potsdamerplatz before the Reichstag station, and welcomed the foreign minister. He was given the ovation of a hero. There were shouts of "bravo!" and "Well done!" and "down with the enemies!"

The crowd sang "Deutschland über Alles," as Simons' automobile moved off.

There was an imposing array of ministers and parliamentarians at the station, including Chancellor Fehrenbach and Secretaries of State von Haniel and Dr. Albert.

Extra police were on duty, but were unable to hold the surging mobs. So enthusiastic did the people become while the foreign minister was climbing into his motor car, that he was overwhelmed and nearly suffocated. There were loud demands for a speech, but Dr. Simons shook his head in the negative, waved his hand and drove away.

RAIL MATTERS
WILL BE PROBED

Entire Situation To Be Investigated, Says Cummins.

SENATOR CONFERS
WITH PRESIDENT

Makes Statement After Leaving
White House.

Herbert Hoover Will Probably
Be Made Director General of
Railroads, It Is Said—A
Statement on Situation.

Washington, March 10.—Senator Albert B. Cummins, of Iowa, author of the present railroad law, announced, today, after a conference with President Harding at the White House, that the United States senate will shortly conduct an investigation into the entire railroad situation. Matters particularly to be inquired into, Senator Cummins said, were whether the roads are being grossly mismanaged, as charged, and whether there is justification for the present high rates.

To Name Hoover.
Washington, March 10.—Within a short time Herbert Hoover probably will be named director general of railroads, it is said here. This will be in addition to his work as secretary of commerce.

If Hoover is appointed, as it is believed on the railroad commission that he is to be, he will take over the work at a time when the duties of the office are likely to be enormously increased within a few months. Some railroad officials here are now looking for some drastic change to save their railroad properties and most of their plans provide for some sort of government control, some of the measures that would enable them to stop short of government ownership.

Senator Cummins said to be the foremost authority in congress on railroad matters, is working on ameliorative measures, but is generally credited with the opinion that government ownership is not far off.

A plan for taking over the railroads without compulsion is being worked out. A bill in furtherance of the plan will be introduced at the forthcoming session, it is said.

The plan is in substance the formation of a United States railroad corporation, the function of which will be to take over the bonds or stock of any railroad, or any part of such bonds and stock that the holders may wish to sell, and keep on receiving such voluntarily sold securities until the whole private system has passed into the hands of this corporation without litigation and without dispute.

The bonds of the railroad companies amounted in 1919 to approximately \$10,000,000,000. The stock amounted to \$3,000,000,000, of which a little more than \$1,000,000,000 was dividend-paying. The greater part of the bonds are in the hands of insurance companies, trust estates, colleges and all kinds of fundamental institutions.

Willard Talks.
Baltimore, Maryland, March 10.—In a statement made public today, Daniel Willard, president of the Baltimore & Ohio, declared that his road had not decided to cut generally wages of employees, nor the wages of any particular class. Mr. Willard said no steps had been taken toward cutting wages.

In the course of another statement, he said, however, adjustment of railroad labor conditions and wages are necessary, ultimately, in order that the railroads can be operated under the present rates. He expressed the belief that revisions of wages must come, but that the question will be settled without stopping the railroads.

"Labor costs, wages and conditions of work are our greatest operating expense," said Mr. Willard.

"That means that we will have to employ fewer men and pay them less. There have been about 400,000 men laid off by the railroads since October. The Baltimore & Ohio has reduced its force from about 85,000 to about 42,000 men, at least 25,000 fewer than last October. Readjustment of wages will have to come. I don't know when, but I think the question will be settled without stopping the railroads."

SELLS AND SHELTON ARE TO RESIGN FROM COUNCIL

In Compliance With Advice of
Attorney General.

WHO HOLDS PROCEEDINGS
ARE NOT INVALIDATED

But Renders the Opinion Men
Should Resign One of Two
Positions Held.

The resignations of Pearl H. Sells and Bert J. Shelton as members of the city council will be expected, he presented at the regular meeting of the council last Monday evening, the same to take effect at once. At the same time the resignation of Councilman O. A. Benedict as a member of the park commission will become effective.

These decisions are the result of an opinion received from the attorney general by City Solicitor George T. Geran. The opinion was based on the section of law that provides that one person can not serve in two public capacities at the same time. The attorney general stated that the proceedings of council will not be invalidated by the men having served in two capacities, but he advised that they resign one of the two places each held as a public servant.

In addition to serving on the council, Mr. Sells holds the position of superintendent of janitors of the public schools. Mr. Shelton, county treasurer-elect, was recently appointed deputy county treasurer. They therefore decided to resign as councilmen. Mr. Benedict was a member of the park commission when he was appointed to fill the vacancy on the council caused by the resignation of W. G. Slack, who was made safety director. He will continue his duties as a councilman.

Mr. Sells will be appointed by Mayor T. E. Andrews as a member of the park commission to succeed Mr. Benedict, it being held that this service will not conflict in any way with his duties as superintendent of janitors and will not be in violation of the ruling, as the park commissioners serve without compensation. The matter of filling the vacancies on the council will be up to that body.

MRS. PHILIP WEITZ DIES
AT AGE OF EIGHTY-TWO

Funeral Will Be Held Here Saturday Afternoon.

Mrs. Elizabeth Weitz, widow of Philip Weitz, died this morning at 3 o'clock at the home of her daughter, Mrs. Fred Vollmer, of Columbus. Death followed a ten-days' illness of complications superinduced by old age. She had made her home in Marion for the past thirty years, going to Columbus to live with her daughter six months ago. She was a lifelong member of the First Reformed church.

Mrs. Weitz was born October 27, 1839, in Hussia, Germany. She was eighty-two years old. Her husband died July 10, 1920. Surviving are three daughters, Mrs. Catherine Goodie, of Oak street; Mrs. Margaret Smith, of York street; this city; and Mrs. Vollmer. She is also survived by fourteen grandchildren and two great-grandchildren.

The remains will be shipped to this city Friday morning and will be taken to the home of a granddaughter, Mrs. Carl Hoche, of No. 255 Park boulevard, where they may be viewed after noon. The funeral will be held from the Homboldt home Saturday afternoon at 2:30 o'clock and will be in charge of Rev. A. L. Scherry, pastor of the First Reformed church. Burial will be made in the Marion cemetery.

Mr. and Mrs. Glen Adner, of Sioux City, Iowa, will leave this evening for their home, after having been called here to attend the funeral of Mr. Adner's mother, Mrs. William Adner, two weeks ago. They will be accompanied as far as Chicago by Mr. and Mrs. Roy Hoffmann.

Cleans by Air Alone Royal Electric Cleaner

The Royal Motor is designed to develop high speed and power with lowest current consumption. Under working conditions the motor revolves at the speed of 9,500 revolutions per minute, producing through the scientifically designed fan, an air current having a velocity of 120 miles per hour. It is thus easy to realize why the Royal, moving air at such a tremendous speed, cleans so thoroughly and quickly.

High motor speed is necessary to develop high air velocity. High air velocity is necessary to efficient cleaning. Only in the Royal are these two features developed to the utmost. The powerful Royal suction whisks every particle of dust and dirt out of your carpets, no matter how deeply it may be ground in, leaving the nap fresh and erect, and restoring the colorings to their original brightness.

The Royal raises no dust or germs to contaminate the air, and leaves none to be raised after the cleaning operation is completed.

With every Royal Cleaner we give a binding guarantee which absolutely protects the Royal owner against defects in material and workmanship. Thus we prove our faith in Royal Quality.

When you purchase a Royal you do not only have the satisfaction of knowing that you have the best cleaner that money can buy, but that you are absolutely protected in every way.

INGROWN TOE NAIL

How to Toughen Skin so Nail Turns Out Itself

A few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost overnight. "Outgro" is a harmless, antiseptic, manufactured for chiro-podists. However, anyone can buy from the drug store a tiny bottle containing directions.—Adv.

THE FIRST SPRING SHOWING OF ENTIRELY NEW
Clothing Stocks will be ready for your choosing Sat., morning

EVERY SUIT, TOP COAT, HAT, SHIRT, AND IN FACT
everything in the entire stock is less than a few days old in
Marion—and every garment and every article of men's furnishings goes at new low prices which are far less than those of last season.

Originally these fine new stocks were purchased for the opening of our new store at 147 West Center street, room now occupied by the Markert China Store. But this room will not be available at the expected time, so we are unpacking the entire lot and placing it on sale at our present location.

We were fortunate enough to hold our present quarters for a longer time and will exert our every effort to give you, during our short stay here, the same good clothing values and good service that were characteristic of the former Hughs & Cleary store.

Think what this means, what an opportunity it is to be able to choose from absolutely new stocks; the newest styles, made from new, fresh materials and at the new low prices.

Buying hesitancy should now vanish. Prices are really down—just as low as the good value permits. You can now buy that outfit for Easter wear with the confidence that you are getting value for every dollar spent and the best that's new when it comes to up-to-the-minute fashions.

HEAVENLY-BLUE EYES, WITH GOLD-SPUN HAIR

Who Can This Be with Such Pink in Her Cheeks?

[By Art Law, Cup Reporter.]
Hey, Skin-may! O, Skin-may! Remember?

"Come for the money. Two for the show. Three to make ready. Four to go."

Remember, now, dencha? Paw says that when that pink in the blood of the kids it's a sure sign of spring. And I guess today was a real-for-sure spring day.

Yesterday I saw a woman jabbering along up east Center street with another woman. Under her arm she carried a big paste-board box with tiny chickens in it. I know it because I passed her and heard "em when the Star's star weather-observing reporter was not on the job, and I claim that incident is another real-for-sure sign of spring.

Further on down the street I stopped in front of a window which had a picture of a pretty girl in it. In her cheeks was the pink of dawn, and in her eye was the blue of the sky. Her hair looked like gold spun from the sun, and she had the tiniest rose-bud mouth.

And it was labeled "Spring."
Gee! Spring's just ten days off! Don't it make one feel good?

There's a sucker born every minute, and as a famous humorist once remarked, "two people born to grab him." Maybe we like to be fooled, though. Read what Fred C. Kelly says about us in March Cosmopolitan, which is now on sale. Get your copy today. Bever & Hudson, dealers.—Adv.

H. W. Berlin of No. 100 Columbia street, this morning received a letter from his wife, H. W. The letter did not state the cause of the death. Mr. Berlin has not heard from his family in Russia in the past year, but when last he heard from them they were all in good health. He expects to leave for Russia in a short time, and hopes to be able to bring the bodies of his family members to the United States upon his return.

Holding A Husband

BY ADELE GARRISON.

Little Mrs. Durkee's captiousness increased with the conception of her pudding, which evidently was intended to be the chief-dish of her dinner. I drew a long breath of relief, when I finally finished the last bit of kitchen work, and escaped to the garage back of the Durkee house into which I had run my car the day before. We had decided that the Durkee garage—an old, well-built barn, capable of taking

care of several cars, was safer than the one back of my own home. If the intruders returned, I spent several minutes in washing a chamber skin. I do not dare upon my car—then started the machine, backed it out of the garage, and turned it in the direction of the gate. Then I went back into the house, to remove Mrs. Durkee's kitchen apron, which I still wore, and have my face and hands, which showed distinct traces of my work upon the car.

"Why don't you leave that work for Jim when he comes home?" Mrs. Durkee asked querulously. "A body'd think you were going to nurse the governor instead of your man and woman of all work. You certainly do 'spoil' your servants, Madge. I only hope you won't live to regret it."

Now the word "servant," used in the sense Mrs. Durkee employed, is one of my pet distastefulities. To my mind it had no place in this country of ours, and I am afraid my feeling was betrayed in my answer which I tried to keep from laughter. "I have had no occasion to regret anything I have ever done for Katie and Jim," I said. "The obligation is on my side instead of theirs."

"Glad you think so," Mrs. Durkee retorted acerbly. "Hope you can always keep that frame of mind." Her tone hinted nothing out of the kind, and I edged myself out of the kitchen and a little later out of the house, with a wish that the trying day were over.

The drive to the station, short though it was, restored my spirits. For me there is no enjoyment quite equal to driving a car, and by the time I reached the picturesque little building, which has replaced the ramshackle building formerly disgracing the village, I was again in the proper frame of mind to welcome Katie and Jim warmly.

It was Katie, of course, whom I saw or rather heard first. High above the noise of the train as it swept into the station, there came from one of the coach windows an ecstatic shriek:

"Oh—Missis Graham! Jeem, Jeem! Here she is!"

Then flying down the steps, hurred only by the conductor's arm from alighting before the train stopped, came Katie, dropping a bag

as she finally reached the platform, but clinging tenaciously to a huge market basket, which she set down with great care as she reached me. She then flew at me impulsively, kissing and hugging me ecstatically, to my great embarrassment, and to the open amusement of the other people upon the platform.

"Jocum! Jocum!" Katie took her arms from around me to signal frantically to her husband. "Vere dot big suitcase? You leave eet in train!"

Jim looked up placidly from a nondescript pile of luggage with which I had seen him struggling as he alighted from the train in Katie's ruffled wake.

"It's right here, Katie," he drawled. "Everything's here." "How many bundles?" Katie

shrieked back. "Dot Jeem, he stinks lose something," she observed aside to me, with an air that made me bite my lips hard and suddenly.

"Five," Jim returned, getting to his feet and advancing toward us with packages seemingly hung upon him.

Katie rapidly checked on her fingers. "Two suitcases, dot bag I dropped, dot basket, van hatbox, two bundles tied up, dot's right, seven. All right. Come along"—this last request superlatively to Jim, who had already reached us and was shaking hands respectfully and sedately with me.

"I am very glad to see you, Jim," I said smiling. "I see Katie is still worrying over things."

Calorie, the quality furnace, 29811

"She wouldn't be happy unless she was worrying," Jim said, nodding, nor mischievously, but as if he were stating a fact, which he had discovered after long effort.

Katie smiled loudly. "Dot Jeem, he wouldn't come back with two shirts if I let him—can't think," she said loftily.

I caught a superior patient smile upon Jim's face, and realized that he was humoring his impetuous wife in this delusion of hers.

When I wondered swiftly, with a sudden curious feeling of enlightenment, whether other men—dicky, for instance—felt the same way toward their wife's firmly fixed conviction of their incompetence in all domestic and home-making details.

HOW WOMEN AVOID SURGICAL OPERATIONS

Some Are Extremely Necessary, Others May Not Be

Every Woman Should Give Lydia E. Pinkham's Vegetable Compound a Trial First

Chicago, Ill.—"I was in bed with a female trouble and inflammation and had four doctors but none of them did me any good. They all said I would have to have an operation. A druggist's wife told me to take Lydia E. Pinkham's Vegetable Compound and I took 22 bottles, never missing a dose and at the end of that time I was perfectly well. I have never had occasion to take it again as I have been so well. I have a six room flat and do all my work. My two sisters are taking the Compound upon my recommendation and you may publish my letter. It is the gospel truth and I will write to any one who wants a personal letter."—Mrs. E. H. HAYDOCK, 6824 St. Lawrence Ave., Chicago, Ill.

A Vermont woman adds her testimony to the long line of those fortunate women who have been restored to health by Lydia E. Pinkham's Vegetable Compound, after it had been decided an operation was necessary:

Burlington, Vt.—"I suffered with female trouble, and had a number of doctors who said that I would never be any better until I had an operation. I was so bad I could hardly walk across the floor and could not do a thing. My sister-in-law induced me to try Lydia E. Pinkham's Vegetable Compound and it certainly has helped me wonderfully. I keep house and do my work and have a small child. I have recommended Vegetable Compound to a number of my friends and you may publish my testimonial."—Mrs. H. R. SHARON, Apple Tree Point Farm, Burlington, Vt.

In hospitals are many women who are there for surgical operations, and there is nothing a woman dreads more than the thought of an operation, and the long weary months of recovery and restoration to strength if it is successful. It is very true that female troubles may through neglect reach a stage where an operation is the only resource, but most of the common ailments of women are not the surgical ones; they are not caused by serious displacements, tumors or growths, although the symptoms may appear the same. When disturbing ailments first appear take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles. In fact, many letters have been received from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been advised by attending physicians.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

PASSING PRESIDENT'S BIRTHPLACE NEAR IBERIA

Carl J. Gugler, of Galion, Is Chosen President—Will Improve the Road.

Organization of the Harding Highway Association was effected and plans made for improving the main market highway No. 2 from Galion to Lima, Wednesday afternoon in the office of the Marion chamber of commerce.

Representatives of Galion, Caldonia, Kenton and Lima attended the session. Carl J. Gugler, of Galion, was named president of the association. W. H. Holvort, of Marion, vice president, and J. Kenneth Johnson, secretary of the Lima chamber of commerce, secretary. Two men from each county were chosen county representatives. W. H. Holvort, Marion, and James A. Williams, Caldonia, were named for Marion county.

Passes Birthplace.
Selection of the name was due to the fact that the highway which the association will work toward improving passes the birthplace of President W. G. Harding near Blooming Grove, Morrow county. Galion is the next terminus of the highway under the jurisdiction of the association. It goes through Iberia, Caldonia, Marion and Kenton to Lima and is approximately seventy miles long. More than half of the road is already improved and the association will make an effort to have the remainder of the road paved.
